

## CHLORINATE MACHINE DISHWASH

LYNX CHLORINATED MACHINE DISHWASH is a concentrated detergent for use in mechanical spray-type warewashing systems as well as conventional dishwashing systems.

**DIRECTIONS:** Use 1 to 2 ounces per 3 gallons of water in the wash tank. Wash water should not be over 140° F. Recharge tank with 1/4 cup of solution for each half hour of operation. Maintain maximum efficiency by regular cleaning schedule. *For best results proper maintenance of your dishwashing machine is necessary. Periodic use of an acid de-scaler is recommended.*

**DANGER: POISON/CORROSIVE.** Keep out of reach of children. It is recommended that protective gloves and safety glasses be worn when using this product. Refer to M.S.D.S. and product label for additional safety information.

### TYPICAL PROPERTIES:

Specific Gravity:.....	1.2
pH:.....	13.0
